

# Epoxy Wash

## CLEANER FOR EPOXY & ADHESIVE RESIN RESIDUES

- \* Strong Acid with NO FUMES \* Water Based
- \* Industrial Grade Detergent

**Epoxy Wash** aggressively cleans off epoxy and grout residues that can stain tile surfaces. **Epoxy Wash** is suitable for use over coloured grout joints.

### SUITABLE RESIDUES

- Epoxy Grout
- Grout Resins

### INTERIOR/EXTERIOR

- Walls & Floors

### COLOUR

- Clear

### SUITABLE SUBSTRATES

- Ceramic & Mosaic Tiles
- Concrete
- Plaster
- Metal Fittings
- Sinks & Tubs

### PRECAUTIONS

**Epoxy Wash** is unsuitable for:

- cleaning moisture sensitive green marble;
- general marble or other calcareous stones;
- tiles with an acid sensitive glaze.

### SPECIAL CARE REQUIRED

Test a small area prior to cleaning the whole tile installation. Residues must be rinsed off surrounding surfaces & metal fittings with water. Spills on fabrics must be rinsed off immediately with water to avoid staining and permanent damage. Always wear rubber gloves and eye protection when working with **Epoxy Wash**. Dispose of all cleaning cloths into a plastic bag and landfill. **Do not pour this product down drains or waterways.**

### SURFACE PREPARATION

Protect all surfaces that could be splashed with **Epoxy Wash**. Highly absorbent substrates such as porous ceramic tiles, concrete or plaster must be wet with water before **Epoxy Wash** can be applied.

### COVERAGE

Coverage is approximate only and will vary according to the degree of cement residues present on the floor. As a guide, 1 litre of **Epoxy Wash** will clean approximately 10 square metres of floor.

### APPLICATION & TOOLS

Apply **Epoxy Wash** with a mop or brush, working within small areas at a time. Allow **Epoxy Wash** to react for about 10 minutes. Scrub the floor with a wet brush or an abrasive sponge, such as a medium-grain SCOTCHBRITE, to remove any crusts or stains that still remain and continue scrubbing until all visible stains have disappeared. Repeat the operation for very persistent crusts or stains. Remove **Epoxy Wash** with an absorbent cloth and then rinse the floor thoroughly and repeatedly with water. Finish the floor by drying it with a cloth.

### CLEAN UP

**Epoxy Wash** can be rinsed off any surface or material with an absorbent cloth and water.

### SHELF LIFE

Twelve months if stored in the original factory sealed packaging.

### PACKAGING

**Epoxy Wash** is available in 1L & 5L containers.

### SPECIFICATION CLAUSE

The wall & floor cleaner shall be Morgan **Epoxy Wash** - a high performance epoxy residue cleaner.

### MORGAN QUALITY POLICY STATEMENT

**Epoxy Wash** is manufactured and distributed to a quality system based on ISO 9001:2000.
